Restore
To copy a volume or restore a disk image to a volume, select the source volume or disk image, select the destination volume, and then click Restore.
To select a source, do one of the following:
• To restore a disk image stored on disk, click Image.
• To restore a disk image stored on the web, drag it from a web browser to the Source field or enter its URL starting with "http://".
• To copy a disk, drag it from the list on the left.
Source:
Untitled
Image...
To select a destination volume, drag it from the list on the left to the Destination field.
Destination:
Erase Destination and copy the contents of "Untitled" to it.
