

V-MODA's Exclusive Upgrade Program

V-MODA firmly honors our premium warranty on all of our products and offers replacement products for defective units free of charge to our customers. In addition to this warranty program, V-MODA also offers an exclusive value-added service to our loyal customers, allowing you to "upgrade" your product if it falls within the warranty period. Through this program, you are given the opportunity to exchange your product for an upgraded model. Once the product has been received by our customer service team, V-MODA will e-mail you a coupon code to use for redeeming the offer on shop.v-moda.com

Please **DO NOT** send cash or check. V-MODA will send you a code to the e-mail address you provide. Below is a chart featuring the available upgrade and prices associated with each. **THIS CHART MUST BE INCLUDED FOR UPGRADE REQUESTS.**

- Please Note that a valid proof of purchase must be included to participate in this program. For legal reasons, this program is currently only available for U.S. residents * *
